

MISSOURI

NAFTA'S IMPORTANCE TO FOOD AND AGRICULTURE

Food and Agriculture supports more than 43 million jobs. Beginning in the rich soil of America's farms and ranches, and continuing to America's grocers, truck drivers and restaurant workers, we're the economic backbone of rural America—stimulating employment throughout the entire value chain.

MISSOURI FOOD AND AGRICULTURE ECONOMIC IMPACT

MISSOURI EXPORTS

\$2.2 Billion in total Food and Ag product exports in 2016.

\$1.4 Billion (64%) went to NAFTA partners

TOP NAFTA EXPORTS:

Rice, Animal Feeds, Meat, and Corn

Food and Agriculture directly and indirectly supports:

956,036 Missouri jobs, earning **\$39 Billion** in wages.

A Successful NAFTA 2.0...

- ✓ Expands Access for Agricultural Goods
- ✓ Reduces Unnecessary Regulatory and Nontariff Barriers that Block U.S. Agricultural Exports
- ✓ Reduces Bureaucratic Delays and Red Tape
- ✓ Ensures U.S. Agricultural Exporters Receive Fair Treatment in Trade Disputes

U.S. Farmers & Families Win with NAFTA

- **Rice:** U.S. rice competes in a global market distorted by subsidies and government import controls, which artificially increase world rice supplies and restrict U.S. markets. NAFTA is a proven shield against these distortions. Mexico and Canada account for nearly 30 percent of all U.S. rice exports. Exiting NAFTA will open these markets to competitors from Asia and Brazil with no obvious home for displaced U.S. sales;
- **Animal Feed:** \$2.3 billion in annual exports would be jeopardized without NAFTA. Mexico and Canada are the U.S.'s number 1 and 3 export destinations for feed, respectively;
- **Beef:** In 2016, U.S. beef exports to Mexico and Canada exceeded \$1.7 billion and accounted for 27% of total U.S. beef exports. NAFTA withdrawal would raise tariffs above 20%, reducing beef exports and production, causing fewer jobs and lower returns for U.S. cattlemen, ranchers, and meat packers.
